

Southwestern Electric Power Company  
Energy Efficiency Cost Recovery Factor

**Calculation of Any Over-/Under-Recovery of Energy Efficiency Costs**

PUC Substantive Rule §25.181(f):

(4) Not later than May 1 of each year, a utility with an EECRF shall apply to adjust the EECRF effective in January of the following year. An application filed pursuant to this paragraph shall reflect changes in program costs and bonuses and shall minimize any over- or under-collection of energy efficiency costs resulting from the use of the EECRF. The EECRF shall be designed to permit the utility to recover any under-recovery of energy efficiency program costs or return any over-recovery of costs.

(6) The commission may approve an energy charge or a monthly customer charge for the EECRF. The EECRF shall be set at a rate that will give the utility the opportunity to earn revenues equal to the sum of the utility's forecasted energy efficiency costs, net of energy efficiency costs included in base rates, ..., and any adjustment for past over- or under-recovery of energy efficiency revenues.

(9) A utility's application to establish or adjust an EECRF shall include...any adjustment for past over- or under-recovery of energy efficiency revenues,...and the following:

(C) the actual revenues attributable to the EECRF for any period for which the utility seeks to adjust the EECRF for an under- or over-recovery of EECRF revenues;...

(11) In any proceeding to establish or adjust an EECRF, the utility must show that:

(B) calculations of any under- or over-recovery of EECRF revenues is consistent with this section;...

(12) The scope of a proceeding to establish or adjust an EECRF is limited to the issues of whether the utility's cost estimates are reasonable, calculations of under- or over-recoveries are consistent with this section,...

SWEPCO incurred \$4,282,043 in energy efficiency expenditures for its 2010 programs, which was \$239,829 less than the \$4,521,871 collected through the EECRF in 2010. Accordingly, SWEPCO seeks to return \$239,829 in the adjusted EECRF for 2012.
